The first part of the book is  
 devoted to a history of the  
 church in this country. It  
 begins with the first  
 settlement in 1630 and  
 continues to the present  
 time. The author has  
 gathered a wealth of  
 material from various  
 sources, and has written  
 in a clear and concise  
 style. The book is  
 well illustrated with  
 maps and portraits of  
 the founders of the  
 church. It is a valuable  
 work for all who are  
 interested in the  
 history of the church  
 in this country.

The first of the  
 year was a very  
 cold one and the  
 snow lay on the  
 ground for several  
 weeks. The crops  
 were all killed  
 and the people  
 suffered much  
 from want of  
 food. The  
 winter was  
 very severe  
 and the  
 people  
 were  
 very  
 poor.
