Handwritten text at the top of the page, possibly a title or header, including the word "Cyclopaedia".

Table structure defined by two vertical red lines, creating a central column. The table is currently empty.

#

Ca - Diarrhoeorum usus expleto coarctat vel  
obstaculo mixtus, ex quod cruidam  
tenuacionibus etiam ad rebus detra-  
dant.

Mentio

\*. quod est jejuno in  
mabo, corpora non  
plethorico, nec obstru-  
to.

Notandum etiam Diarrhoeorum (licet  
methodice exhibitorum) frequentem usum  
summoque tametsi medicinalis obesse.  
quandoquidem Rebus cubro hoc usum  
tandem sentina et cloaca excrementu-  
torum humorum sunt: cum humores  
cofluctu assuescant, quo cubro ducunt.  
quoniam in fistulis et antiquis  
ulceribus; ad quae totius corporis vitiosi  
humores retrahere assuescant. ex Vettero.

The first part of the book is a history of the  
 country from the first settlement to the  
 present time. It is a very interesting  
 and useful work. The second part is a  
 description of the country and its  
 resources. It is a very valuable  
 work. The third part is a history of the  
 people of the country. It is a very  
 interesting and useful work. The  
 fourth part is a history of the  
 government of the country. It is a  
 very interesting and useful work.

ut dictum

The first part of the book is a history of the  
 country from the first settlement to the  
 present time. It is a very interesting  
 and useful work. The second part is a  
 description of the country and its  
 resources. It is a very valuable  
 work. The third part is a list of the  
 names of the people who have lived  
 in the country. It is a very  
 interesting and useful work.
